

Direct & Indirect Education Error Guidelines

Please find a summary of the types of data errors identified in PEARS Program Activity and Indirect Activity reporting included below. Your county/cluster specific errors are provided in a separate file and summarized in two tables: Program Activity Data Errors and Indirect Activity Data Errors. You will find these tables organized by the Program Activity and Indirect Activity ID#s with a red “1” identifying the types of errors found. Please work with your team to complete these updates. Please direct any questions about your quarterly report errors to Melanie Alexander at magerdes@ucdavis.edu.

Program Activity Errors

Error Key	Explanation
E1: Start Date Outside FFY	Please correct the Start Date of the activity to ensure it falls within the current fiscal year (Oct. 1, 2022 – Sept. 30, 2023). You can find “Start Date” under the <i>Sessions</i> section of <i>General Information</i> . The “Start Date” is the first session reported.
E2: End Date Outside FFY	Please correct the End Date of the activity to ensure it falls within the current fiscal year (Oct. 1, 2022 – Sept. 30, 2023). You can find “End Date” under the <i>Sessions</i> section of <i>General Information</i> . The “End Date” is the last session reported.

Many sites share near identical names, and you may have chosen a site with the same name in the wrong county You can find “Unit” and “Delivery Site” under the <i>Sessions</i> section of <i>General Information</i> .

Indirect Education Errors

Error Key	Explanation
E1: Start Date Outside FFY	Please correct the Start Date of the activity to ensure it falls in the current fiscal year (Oct. 1, 2022 – Sept. 30, 2023). You can find “Start Date” under the <i>Activity Data Range</i> section of <i>General Information</i> .
E2: End Date Outside FFY	Please correct the End Date of the activity to ensure it falls in the current fiscal year (Oct. 1, 2022 – Sept. 30, 2023). You can find “End Date” under the <i>Activity Data Range</i> section of <i>General Information</i> .
E3: Select Existing Intervention, not “Other”	Please select an existing intervention and avoid using “Other”. Most work falls under an existing intervention in the list. You can find “Intervention name” under <i>General Information</i> .
E4: Correct Unit Area	Please correct Unit and ensure the correct <u>county</u> is selected, not a <u>cluster</u> . You can find “Unit” under <i>General Information</i> .
E5: Site required - select in Intervention Channel	Sites are required reporting for Indirect Education. Please select the site that correlates to the intervention channel of your work.

	<p>You can find “Site” when you add or edit an existing Intervention Channel under <i>Intervention Channels and Reach</i>.</p>
E6: Reach Error	<p>Unique reach is tracked every time there is Indirect Education provided. For example, youth bring a newsletter home to their guardians. One guardian can be counted for each youth that took home a newsletter. Example: <i>10 youth take home family newsletters; 20 people (10 youth, 10 guardians) are tracked as unique reach</i>.</p> <p>New reach is tracked the first time <u>any intervention</u> is provided (Direct Ed, Indirect Ed, PSE). This means that new reach is <u>only reported once</u> if Indirect Ed is delivered to the same group of people multiple times throughout the year.</p> <p>If you received an error in your reach reporting, it is likely that you reported new reach multiple times for the same group of people. Please reach out to Melanie at magerdes@ucdavis.edu for assistance resolving these errors.</p>
E7: Site County Error	<p>Sites are required reporting for Indirect Education. Site county errors occur when the following information does not match:</p> <ul style="list-style-type: none"> • Unit (County or Cluster) <ul style="list-style-type: none"> ○ Review Unit and ensure the correct county was chosen (Clusters or “California” are not acceptable) • Delivery Site <ul style="list-style-type: none"> ○ Review the site you chose and verify that the address is in your county. Many sites share near identical names, and you may have chosen a site with the same name in the wrong county <p>You can find “Site” when you add or edit an existing Intervention Channel under <i>Intervention Channels and Reach</i>.</p>
