

## General Information

### Unit

Unit \*

-----  
-----  
California (State)  
A - Central Sierra Cluster (Area)  
Amador (County)  
**Calaveras (County)**  
El Dorado (County)  
Tulare (County)

- The UNIT should always represent the COUNTY where the PSE site is located
  - Do not choose your county cluster.

### Setting: Gardens

PSE setting \*

-----  
-----  
Community centers  
Fairgrounds  
**Gardens**  
Other places people go to "play"  
Parks and open spaces  
Youth Organizations (e.g. Boys or Girls Clubs, YMCA)  
Shop

- Only choose “Gardens” as the PSE setting, if you are working in a stand-alone garden
  - A stand-alone garden is a garden not located in another setting.
- In all other cases, the garden will be reported in the setting where it is located.
  - Examples:
    - 1) Edible garden at a local park –choose Park and Open Space setting
    - 2) School garden –choose Schools setting

**Setting**

**EXAMPLE 1:**

Same SITE

DIFFERENT SETTING

Rosemary Elementary/Rosemary Family Learning Center	Mary Vollinger	SNAP-Ed	<input checked="" type="checkbox"/>	Early care and education
Rosemary Elementary/Rosemary Family Learning Center	Mary Vollinger	SNAP-Ed	<input checked="" type="checkbox"/>	Schools (preschools, K-12, elementary, middle, and high)

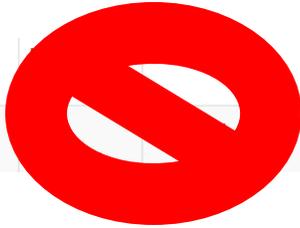

**EXAMPLE 2:**

Same SITE

SAME SETTING\*

Rosemary Elementary/Rosemary Family Learning Center			<input checked="" type="checkbox"/>	Early care and education
Rosemary Elementary/Rosemary Family Learning Center			<input checked="" type="checkbox"/>	Early care and education

*\*Combine PSE efforts at this site into ONE PSE Site Activity report in the Early care and education (ECE) setting.*

- **Do NOT enter duplicate PSE Site Activity reports for the same site within the same setting**
  - “Site” is the physical location or address selected from a drop down list. Whereas, “Setting” is the type of site. As seen in **EXAMPLE 1**, a single site like a school can have two different settings (ECE and Schools).
  - PSE Site Activities should be reported within each relevant Setting type. See **EXAMPLE 1**, PSE changes adopted at an ECE would be reported separately from PSE changes made at a school even when they are located at the same site.
  - But, sometimes we see two or more PSE Site Activity reports entered for the same site within the same setting (See **EXAMPLE 2**). Please combine these entries into a single PSE Site Activity report
    - *\*Note: Only enter ONE PSE Site Activity report for a site within each setting (See **EXAMPLE 1**).*
  - If multiple PSEs (edible garden, SLM, CATCH, etc.) are implemented at a site in the same setting, **they should be combined and reported together as one PSE Site Activity report.**

Strategy

Youth Involvement  
 Involvement

Were youth actively involved in shaping this PSE through an established group?

Yes

How many youth were actively involved during the current reporting year? \*

- Only respond “Yes” and report the number of youth actively involved in shaping the PSE when working with an established youth group.
  - Possible examples:
    - Student Nutrition Action Committee,
    - 4-H group,
    - Youth Participatory Action Research (YPAR) group,
    - Healthy Living Ambassadors, etc.
- These PSE change activities contribute to youth leadership development through the student group’s active involvement in shaping the PSE.
- Active involvement is not meant to capture the “reach” of the PSE efforts, but instead the number of youth shaping and influencing the PSE.

## Changes Adopted

### Changes

#### Changes

+ Add Change

Please select all of the types of PSE changes that were implemented, improved, expanded or actively maintained with SNAP-Ed support during the current reporting year or October 1, 2017 - September 30, 2018. Do not select a change if the efforts to actually make that type of PSE change have not yet started (i.e. the site is still planning, assessing or considering whether to make that type of change).

- PSE Changes Adopted should only be selected within the context of one of the following four stages of implementation:
  - “Started **implementation** of changes”
  - “Continued to **implement** changes”
  - “Worked to **maintain** changes”
  - “Conducted **follow-up assessments**, evaluation, and/or monitoring”
- Do **not** report Changes Adopted or Reach for PSEs within the beginning stages:
  - “**Site(s) contacted** and agreed to participate” or
  - “**Planning and preparation** for implementation (i.e. assessment, training, etc.)”
